

COMMUNITY REACH OF MONTGOMERY COUNTY

# OVER THE RIVER & INTO THE WOODS

ANNUAL REPORT - FISCAL YEAR 2020

(JULY 1, 2019 - JUNE 30, 2020)

Healthcare • Housing • Emergency Assistance • Education • Eldercare

# A Message from Our Leadership

---

## Over the river and into the woods...

When our Fiscal Year 2020 began in July 2019, Reach had a clear vision of what the next 12 months would hold. We would celebrate our Mansfield Kaseman Health Clinic's 10th anniversary. With funds donated by Twinbrook Baptist Church from the sale of its building as it closed, the Clinic would equip and operate a Diabetic Center. Our Language Outreach, Senior Reach, Housing, and Rockville Emergency Assistance Programs would serve our community in much the same ways they had in FY2019. We would continue to re-introduce ourselves with our new name, Community Reach of Montgomery County. Our new website would launch. We would help our constituents respond to the U.S. Census and encourage all U.S. citizens to fulfill their right and responsibility to vote in elections. We would reach out to more of our vulnerable neighbors and gain further community support.

We expected unplanned situations would occur. That is the "over the river" reference at the beginning of this letter. These might include immigration issues or changes in healthcare; maybe staff changes would occur. We might tweak some procedures to increase efficiency or the board of directors would establish small changes to goals. We might have opportunities to work with other community organizations. These situations would require flexibility and add to the adventure of our travel, but the path ahead would remain clear.

Then in March, our community faced COVID-19—and the dramatic changes it created in our everyday lives. That is the "into the woods" reference, where our path became blocked by the "forest" of the unknown. Reach reacted quickly to deliver services in ways that protected our clients, supporters, and staff. We held our first virtual Gala, moved LOP classes online, and expanded Kaseman Health Clinic to include telehealth. Calls to REAP increased; housing and senior clients were served over the phone and online. Although we did not know how long these changes would last, we predicted COVID concerns would continue in FY21. When would the path exit the woods and what obstacles would we encounter along the way? This pandemic affects the world, our country, and community. In addition to our health, the crisis has brought economic and social injustice consequences that puts Reach in a position to handle Promises Kept in Challenging Times.

As FY20 became FY21, and as we compile this annual report at the dawn of Calendar Year 2021, much uncertainty remains about when our community will return to "normal" or what our "new normal" will be. The often quoted "necessity is the mother of invention" is so relevant to this time. Some of the creative ways we have offered our services through necessity are expected to remain or live alongside the "old way" when we return to less distancing. We have learned and shown each other we can get through difficult times, and in some ways, we can even thrive in new conditions.

Thank you for showing even stronger support for our community and the work of Community Reach of Montgomery County! We cannot serve the most vulnerable without you.

With Gratitude,

**Paul Love**  
Board Chair

**Agnes Saenz**  
Executive Director

# CONTENTS

## Community Reach of Montgomery County

seeks to improve the quality of life for the  
MOST VULNERABLE of Montgomery County residents  
by providing them with basic health and human services,  
and advocating on their behalf,  
with the goal of helping them achieve  
and maintain self-sufficiency.

# ROCKVILLE EMERGENCY ASSISTANCE PROGRAM

## FINANCIAL ASSISTANCE AND REFERRALS FOR SOCIAL SERVICES

**ESTABLISHED 1981**

### FY 2020 STATISTICS

#### Clients Assisted Financially **337**

Housing	199
Prescription/Medical	37
Utilities	101
Other Needs	0

#### Total Financial Assistance Provided **\$80,020**

#### Clients Referred **258**

Food	121
Dental Care	73
Vision Care	54
Clothing	10

Volunteers:	5
Volunteer Hours:	269
In-Kind Goods & Services:	\$9,222

#### Total Program Costs: **\$188,778**

### SERVICES

Financial Assistance:  
Prevention of Eviction &  
Utility Termination  
Prescription/Medical Needs

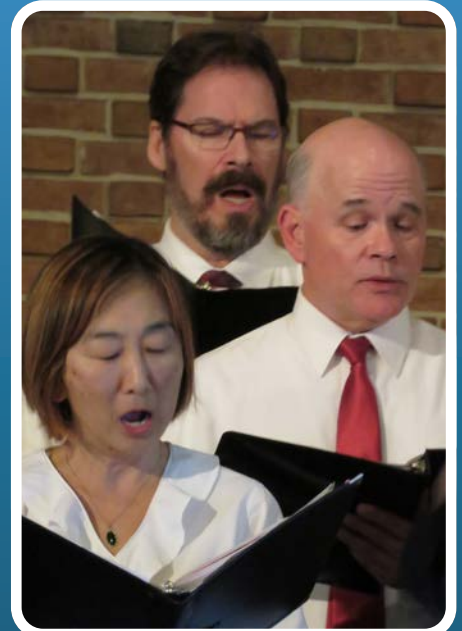

#### Referrals for:

Dental Care  
Vision Care  
Food  
Clothing  
Computers

Ms. K is a single mother with 2 young children. She lost her job due to COVID and unemployment did not cover all her bills. In addition to helping with past-due rent, REAP walked her through completing a Childcare Subsidy and a SNAP (food stamp) application. REAP also referred her family to food banks, and provided information for energy assistance, medical assistance, and filing for child support. Before finding REAP, Ms. K says she had made calls to many other organizations and none had returned her call.

### Rockville Emergency Assistance Program

I am resident of Rockville, MD and my husband and I lost our jobs due to Covid-19. I am married and I have 2 young children. During this time it has been extremely difficult to make ends meet due to the pandemic. I came to REAP in a time of dire need for assistance with my rent. I was behind on my rent and had exhausted all my resources to that could help without any luck. REAP was able to help me catch up with my past due rent and my family and I are very grateful. I am very appreciative of the services REAP provide to families like myself who need little help when they are in crisis and need a place to turn to as a safe haven. This program is vital to clients who are struggling especially during this pandemic when a lot of families fallen behind on their bills.

The hardest part  
for the REAP staff  
has been the

**DESPERATION** and **FEAR**

in the voices of those calling for help

Mr. R's paycheck was greatly reduced due to COVID. He was behind on his rent and struggling to feed his family when his neighbor told him to call REAP. A single father of three, Mr. R was balancing working any available hours with helping his children attend virtual school. REAP helped him cover his back rent, referred him to Manna Food Center, and helped him receive SNAP and utility assistance. He also qualified for help with childcare for the hours when his children were in virtual school and he was at work. With an increase in work and the assistance, Mr. R is able to remain current with his expenses even though his employer cannot yet return him to full-time status.

# SENIOR REACH PROGRAM

HEMOCARE AND HOME REPAIR SERVICES FOR ROCKVILLE SENIORS AGING IN PLACE

**ESTABLISHED 1983**

## FY 2020 STATISTICS

Total # of Clients Served In FY20:	74
Total Households Served:	70

### Home Care Services

Number of Clients Served:	47
Hours of Client Care	3,682
Value of Client Care	\$97,835

### Safe And Habitable Services

Total Projects	67
Value of Projects	\$19,574
Months of Life Alert Systems Provided:	432

Volunteers:	57
Volunteer Hours:	345
In-Kind Goods & Services:	\$19,071

**Total Program Costs:**  
**\$262,929**

## SERVICES

**Home Care**  
**Home Modifications/Repair**  
**Case Management**  
**Friendly Callers and Visitors**  
**Furnace Cleaning and Repair**  
**Assistive Devices**  
**Food Deliveries**  
**Education Workshops**  
**Social Activities**

Mrs. C. was able to care for her home with the help of a mentally ill adult son who lived with her. In recent years, her son's condition worsened at the same time that her physical abilities decreased. The son moved to a care facility, and Mrs. C. was not able to continue with much of the upkeep. One of the tasks that fell by the wayside was gutter cleaning, and she could not afford to hire someone to do the work. In the spring, rain gushed over the sides of the gutters and leaked through her kitchen windows. Senior Reach hired a gutter professional to replace the decades' old gutters with new ones that require less maintenance and protect both the inside and outside of her home from damage.

Mr. And Mrs. Z. have been served by Senior Reach for a number of years. The couple is actively involved in the Rockville Senior Center and with Montgomery County programs. Well into their senior years, Mr. and Mrs. Z have both retired and their monthly income from social security does not cover the upkeep of the modest home they own. In FY2020, Senior Reach was able to contract with Weston Woodworks, a long-time partner of our program, to fix the Z's crumbling front entry steps and to seal a hole in the outer wall into the attic created by animals searching for a warm place to live. Mrs. Z called after the work was completed to say "Thank you so much! You have made me so happy!"

# HOUSING PROGRAM: JEFFERSON HOUSE

PERMANENT SUPPORTIVE HOUSING FOR MEN

**ESTABLISHED 1991**

## FY 2020 STATISTICS

Number of Clients Served:	5
Bed Nights:	1,830
Case Management Hours:	619

Volunteers:	16
Volunteer Hours:	108
In-Kind Goods & Services:	\$33,017

**Total Program Costs:**  
**\$117,079**

## SERVICES

**Case Management**  
**Life Skills**  
**Client Support**  
**Affordable Housing**

Mr. R moved from Chase Partnership to Jefferson House in 1998. While at Jefferson House, he maintained sobriety, held a steady job and was always up for a conversation. A few years ago, routine tasks like cooking and laundry became a challenge. Mr. R became a client of our Senior Reach Program so he could receive weekly homecare at Jefferson. After an extended illness and major surgeries, Mr. R needed around-the-clock assistance that Jefferson House could not provide. He asked REACH to find his brother, with whom he had lost contact. The staff was able to re-connect the brothers. By coordinating with several agencies, Mr. R's brother and REACH were able to get Mr. R settled in a long-term-care facility. The brothers' relationship has remained strong and continues to grow.

# HOUSING PROGRAM: ROCKLAND HOUSE

## PERMANENT SUPPORTIVE HOUSING FOR WOMEN

**ESTABLISHED 2014**

### FY 2020 STATISTICS

Number of Clients Served:	3
Bed Nights:	991
Case Management Hours:	390
Volunteers:	38
Volunteer Hours:	206
In-Kind Goods & Services:	\$8,200

**Total Program Costs:**  
**\$84,978**

### SERVICES

**Case Management**  
**Life Skills**  
**Client Support**  
**Affordable Housing**

A Rockland resident transitioned to independent living! Ms. B lived at Rockland House since it opened in 2014. During her residence, she worked diligently to find and maintain full-time employment, including navigating the challenges of taking public transportation to work, sometimes located across the county. She also saved for a security deposit for her new place as well as for the items she would need to comfortably live there. While Reach wanted to help with some basic household items, Ms. B was determined to purchase a majority of the necessities. When moving day came, a moving truck was rented, and Reach staff and Jefferson residents helped her pack and move. Looking at the possessions she had chosen and purchased on her own, ready in her new home, gave her a great sense of independence and self-confidence.

# LANGUAGE OUTREACH PROGRAM

ENGLISH AS A SECOND LANGUAGE, CITIZENSHIP AND CONVERSATION

**ESTABLISHED 1993**

## FY 2020 STATISTICS

Number of Unduplicated Clients:	
Adults:	375
Children:	100
ESOL Instruction Hours:	1,426
Citizenship Instruction Hours:	120
Conversation Instruction Hours:	288
Childcare/Tutoring Hours:	880
Number of Students Who Became U.S. Citizens:	36
Hours Provided for Partner Conversation Program:	96
Family Education Success Project Hours:	30
Volunteers:	26
Volunteer Hours:	924
In-Kind Goods & Services:	\$49,999

**Total Program Costs:**  
**\$344,900**

Ms. V arrived in the country in early 2019 with some knowledge of English but little confidence in her ability to speak it. She began taking Conversation classes in the fall of 2019 and reported the course gave her confidence and she has lost her fear of speaking English. In the process of obtaining her Green Card, Ms. V had required legal and medical appointments. She is now quite comfortable attending without another person to help her communicate.

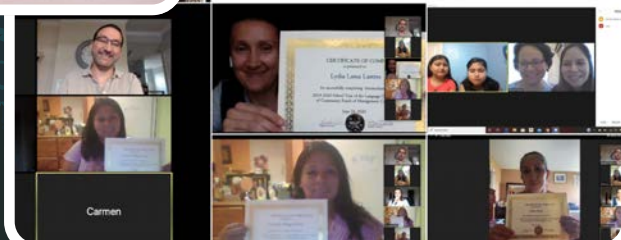

## SERVICES

**English as a Second Language (ESOL)**  
**Citizenship Test Preparedness**  
**Conversation Instruction**  
**Child Tutoring and Child Care**  
**Naturalization Application Assistance**

In the middle of the spring semester, an ESOL teacher learned that one of her students, Mr. B, had never had the opportunity to attend school as a child and this was his first class experience. This information clarified why he struggled to follow some of the class activities, or complete homework and quizzes. At the end of the semester, students give a presentation in English about a subject of their choice. Mr. B chose to talk about his family. He had prepared so well that he spoke about his family for a full five minutes straight with perfect pronunciation. He was even able to improvise when he got nervous. Even though Mr. B had no previous experience in classroom learning, his determination and perseverance, along with the encouragement of his teacher and fellow students gave him the confidence to provide a wonderful presentation.

## Language Outreach Children's Program

# HOLIDAY GIVING PROGRAM

## MAKING THE HOLIDAYS SPECIAL FOR THOSE IN NEED

### FY 2020 STATISTICS

Thanksgiving Meals Provided:	281
December Holiday Meals Provided:	160
Children Served with Gifts:	422
Value of Toy Donations:	\$8,900
Value of Holiday Food & Gift Cards:	\$23,180
Number of Holiday Giving Donors:	40
Number of Partner Organizations Assisted:	3
Volunteers:	48
Volunteer Hours:	142
In-kind Goods & Services:	\$33,784

**Total Program Costs: \$0**

**All holiday meals, gifts and gift cards are donated**

### SERVICES

**Food Basket Distribution  
Toy Distribution**

For December Holiday Giving, Reach was able to accept about 80 more families with an additional 150 children compared to previous years. Not only did we serve families in 20854. We also provided holiday meals and toys for families in Bethesda. With our other Holiday Giving Coalition partners, for the first time in many years, Montgomery County was able to connect every family that had requested assistance to a Coalition partner for December 2019.

# MANSFIELD KASEMAN HEALTH CLINIC

ESTABLISHED 2009

## FY 2020 STATISTICS

Patients Served:	1,140
Patient Visits:	3,176
Primary Care Visits:	2,348
Behavioral Health Visits:	167
Endocrinology Visits:	135
Gastroenterology Visits:	159
Gynecology Visits:	85
Podiatry Visits:	268
Pulmonology Visits:	14
Clinic Days:	251
Clinic Hours:	3,816
Lab Visits:	1,655
Telehealth Visits:	252
Referrals to Outside Specialists:	177
Behavioral Health Screenings:	1,106
Patients Enrolled in Behavioral Health:	106
Volunteers:	46
Volunteer Hours:	2,215
In-kind Goods & Services:	\$805,508

**Total program costs:**  
**\$1,584,789**

**Pharmacy**  
**Podiatry**  
**Pulmonology**  
**Referrals to Specialty Care**  
**Referrals to Surgery**  
**Telehealth**

Maria, a hairstylist until COVID, is an uninsured patient at Kaseman Health Clinic. She turned 41 years old, and Kaseman helped schedule her first screening mammogram. To her surprise, the test showed a suspicious mass and she needed a breast biopsy. Without health insurance, the test would cost her \$1800. Maria began borrowing money from friends to cover the costs. Kaseman staff reached out to our partner Adventist HealthCare. With funding through the Brem Foundation, Maria received a free biopsy, and the results were negative for cancer. Ecstatic and relieved, saying the day she received the results was one of the happiest of her life, Maria made a financial donation to help another Clinic patient who might face the same situation. Kaseman Clinic is proud to be part of our patients' happy days!

# HEALTHCARE AND HEALTH EDUCATION FOR UNINSURED AND MEDICALLY UNDERSERVED MONTGOMERY COUNTY RESIDENTS

Patient care and the improved health of our patients are the main goals of the Kaseman Health Clinic. The Clinic tracks medical quality measures using the Healthcare Effectiveness Data Information Set (HEDIS) benchmarks for chronic care screening, including diabetes and hypertension, and for cancer screenings, including cervical, colon, and breast cancer.

During FY20, the MKHC was very successful in meeting or exceeding HEDIS rates for:

- Diabetes 58% (HEDIS 48.1%)
- Hypertention 59% (HEDIS 56.8%)
- Breast Cancer Screening 57% (HEDIS 50.4%)
- Cervical Cancer Screening 71% (HEDIS 66.7%)
- Colorectal Cancer Screening 64% (HEDIS 59%)
- Depression Screening 94% (HEDIS 75%)

# OVER THE RIVER

JULY 2019 – MARCH 2020

## Rockville Emergency Assistance Program (REAP)

Clients walk into the Clinic (where the REAP office is located) and ask to speak with a REAP representative or call REAP to get information. Volunteer Intake Coordinators staff the REAP office with our REAP Director. Some days at REAP are busy with many client questions and some days are quiet.

## Senior Reach Program

Clients receive home care services weekly. A volunteer calls each week to confirm they are happy with services received. Our Senior Reach Program Manager visits clients frequently. He is frequently busy visiting with seniors who have repair issues they would like Senior Reach to help resolve.

## Jefferson and Rockland Houses

Residents run errands, socialize, volunteer, hold jobs. They welcome staff, volunteers, and friends into their home. Two organizations provide weekend dinners once or twice each month. Volunteer groups clean up the yard and plant flowers a few times a year.

## Language Outreach Program (LOP)

Classes take place in person in elementary schools, churches and the building of a partner organization. The children of students receive tutoring and childcare while classes are in session. Volunteers help teachers with large classes and serve with staff in childcare and tutoring classrooms. Our LOP Director meets with residents at our Reach office to help them complete U.S. Citizenship applications.

## Mansfield Kaseman Health Clinic

Patients see primary care and specialist medical staff at our Clinic. Walk-in appointments are available Monday through Friday, schedule permitting. Volunteer Interpreters are at the Clinic most days to help patients and medical providers communicate clearly. Medical staff wear gloves, scrubs, and/or lab coats. When patients arrive for appointments, they walk to the front desk to check in.

# AND INTO THE WOODS

**MARCH 2020 – JUNE 2020 AND BEYOND**

*\*all areas of service have continued to operate fully and consistently*

## Rockville Emergency Assistance Program (REAP)

Clients **call** REAP for information about available assistance and only come in person when staff needs original documents. Volunteer Intake Coordinators work remotely, checking voice mail hourly and returning client calls, then sharing that information with the REAP Director for follow-up. REAP receives many more calls due to the number of residents who have lost income. Besides help with rent and utilities, clients ask about food, toiletries, prescription assistance. Many callers have never before asked for help. New programs are available for those who are behind on rent, mortgage or utilities due to COVID restrictions and requirements change often. Our REAP Director continuously tracks these changes so she can provide the most accurate information and assistance.

## Senior Reach Program

Our Senior Reach clients are in high risk categories for a bad COVID outcome. Most choose to isolate and suspend their homecare services. Many are afraid to venture out for groceries or to pick up prescriptions. Volunteers run these errands for our clients. The Senior Reach Manager and volunteers call clients and have longer conversations to decrease their sense of loneliness.

## Jefferson and Rockland Houses

In addition to the restrictions on what is open in Montgomery County, many of our residents fall into higher risk categories for health problems. They mostly shelter in place and are very cautious about who can enter our houses. Groups are taking a hiatus from providing weekend dinners as residents and volunteers are anxious about unnecessary contact. Staff meets with residents regularly through online portals and phone calls. Physical visits take place less often.

## Language Outreach Program (LOP)

Students attend ESOL, Citizenship, and Conversation classes online. Staff help schoolchildren get internet connection and technology to attend online school. Some children take advantage of the opportunity to get one-on-one tutoring from our staff through online portals. In person meetings to help complete U.S. Citizenship applications are put on hold. Students reach out for information about emergency services; the LOP and REAP Directors work together to provide that assistance. Graduation is held online.

## Mansfield Kaseman Health Clinic

In-person medical appointments have continued throughout the emergency. Medical staff wear gloves, facemasks, and gowns. Volunteer interpreters primarily work from home through Zoom. Walk-in appointments are on hold, but a patient is scheduled for a same-day appointment when available. Volunteer Interpreters primarily work from home over the phone. Staff meet patients at the door to check temperatures. Patients answer health questions before appointments are scheduled.

# HOW TO SUPPORT COMMUNITY REACH OF MONTGOMERY COUNTY

While financial donations are critical to support our mission, without supporters' volunteer time and donated items, we would need to find additional funding in the amounts shown in this chart.

**Thank you for all donations!**

## FY20 In-Kind Goods & Services by Program

Rockland House	\$8,200
Rockville Emergency Assistance Program	\$9,221
Senior Reach	\$19,071
Jefferson House	\$33,017
Language Outreach Program	\$49,999
Basic (Operations)	\$211,650
Mansfield Kaseman Health Clinic	\$805,508
	<b>\$1,136,666</b>

## Ways to Support Community Reach of Montgomery County

**SCHEDULE A GROUP PROJECT · ATTEND AN EVENT AND BRING A FRIEND · VOLUNTEER AT AN EVENT  
SPONSOR A REACH SUPPLY DRIVE · VOLUNTEER WITH A REACH PROGRAM · SERVE ON A COMMITTEE  
DONATE ITEMS · MAKE A FINANCIAL DONATION · OFFER YOUR EXPERTISE ON A SUBJECT**

## The Impact of Your Financial Donation

\$25 provides a toy for our Holiday Giving Program to give to a child

\$50 covers tuition and books for a student enrolling in our ESOL classes

\$100 covers a week's supply of insulin for a diabetic patient

\$250 provides 6 months of Life Link services for a Senior Reach client

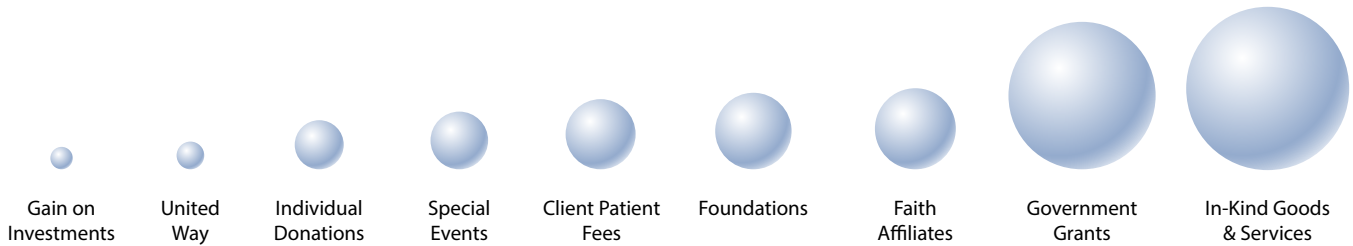

\$500 could cover the deposit for an apartment when a Housing resident is ready to return to self-sufficiency

\$1000 provides eviction prevention for a REAP client

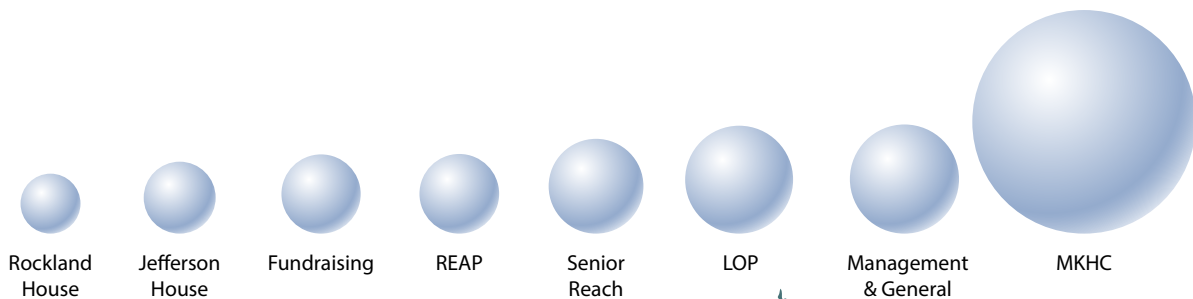

\$2000 could cover an ultrasound-guided breast biopsy for a Kaseman Health Clinic patient

# FY20 INCOME & EXPENSE REPORT

Faith Affiliates & Other Religious Organizations	\$505,958
Government Contracts/Grants	\$1,025,815
In-Kind Goods and Services	\$1,136,666
	<b>\$3,587,451</b>

Expenses by Program	
Rockland House	\$84,978
Jefferson House	\$117,079
Fundraising	\$124,961
Rockville Emergency Assistance Program	\$188,778
Senior Reach	\$262,929
Language Outreach Program	\$344,900
Management and General	\$388,733
Mansfield Kaseman Health Clinic	\$1,584,789
	<b>\$3,097,147</b>

Community Reach of Montgomery County's commitment to our mission is consistently demonstrated in the way spending is carefully managed, with 84% of expenditures going directly towards making a difference in the lives of those we serve.

The financial statements of Community Reach of Montgomery County for the year ended June 30, 2020, have been audited by Gelman, Rosenberg & Freedman. A complete copy of the FY2020 audit report, including all accompanying notes, can be requested by writing to: Community Reach of Montgomery County, 1010 Grandin Ave., #A1, Rockville, MD 20851. The two tables above and financial notes included in this annual report were prepared by Community Reach of Montgomery County staff using audited figures.

According to FASB (Financial Accounting Standards Board) regulation 116, we must include as income, all grants that we have been notified of winning, despite the fact that no actual funds may have been received.

# COMMUNITY REACH OF MONTGOMERY COUNTY & CLINIC STAFF
