Come REACH with us

to meet a greater need

Dear Reach Guest:

Thank you for joining us for a "Virtual" Gala a second year in a row. I do hope you will be reading a similar letter at a table at Lakewood Country Club in 2022. There are true signs that life might be returning to something closer to what we consider normal. Mark your calendars now for April 30, 2022 when we may once again be in the same room.

The benefits of a Virtual Gala – no need to dress up; no decision about a coat, or an umbrella; no concern about which shoes will work with the outfit and be comfortable enough to wear all evening. The disappointments – we are unable to hug or speak to people individually, break bread at the same table, or scout the silent auction for must-have items.

What remains the same – we can support this truly important organization at a time when the need for Reach services is so great. As the event is entitled, tonight we hope you "Come REACH with us to meet a greater need." Healthcare for the underinsured, housing for those who were previously homeless, financial emergency assistance, education for immigrants, and eldercare for our seniors who are aging in place are in greater demand now than they have been for many years. It is truly a blessing we can still support an organization that makes such a difference amidst the health and economic restraints of the past year.

Please enjoy the program, learn more about the services Reach provides, and the people we serve. Consider how you might increase your involvement with Reach – volunteering, donating in-kind items, providing funding for programs. Although recovery for many may be slow, our county will be more resilient when we arrive. Thank you for helping us get there!

With Every Best Wish,

Catherine Leggett

Gala Chair

Come REACH with us

to meet a greater need

April 24, 2021

Dear Friends:

Welcome to our second Virtual Annual Gala. Although we will not be able to see your faces, thank you for joining us once again in the current safest way possible. Thank you for celebrating the accomplishments of Community Reach of Montgomery County, and the wonderful community that makes our work possible.

Since we were together last May: many of our Senior Reach clients have resumed homecare services. Our Language Outreach Program continues to hold classes virtually. Our residents are staying COVID free at Jefferson and Rockland House. Our Kaseman Health Clinic is providing drive-up COVID testing each weekend, and our Rockville Emergency Assistance Program is helping even more residents who are in danger of losing their homes. Of course, Reach has served the community in many more ways in the past 11 months. If we named them all in this letter, it would be many pages long and there would be nothing additional to discuss in this evening's program!

Tonight, we thank you for the support you offer that makes this possible. We speak not only for ourselves, but also for the Reach board of directors and staff. Thank you for providing the tools so that Reach can truly improve the quality of life for the most vulnerable in our community by providing them with basic health and human services, and advocating on their behalf to help them reach and maintain self-sufficiency.

Celebrate with us tonight, and visit us often throughout the year, through our website, our newsletters, and other Reach events (virtual or live). We are here to serve our community. Enjoy the evening!

Auction Rules and Procedures

Rules

1. All bids are final. Before making a bid, please note any restrictions and specifications carefully. Unless otherwise specified, dates and times of services or the use of facilities are to be arranged mutually by the donor and buyer.
2. Unless otherwise specified, the use of auction items involving services or facilities must be completed by April 24, 2022.
3. All auction items are sold "as is."
4. Values indicated for auction items are good faith estimates of the value of the items furnished. We are required to provide these by the Internal Revenue Service. Any amount paid for the goods or services in excess of this estimate may be considered a charitable contribution. Where it is not possible to establish an independent value for one-of-a-kind items, the purchase price will be presumed to be the fair market value. Consult your own tax advisor as to the charitable deduction that may be allowed for any item you purchase. Community Reach of Montgomery County is recognized as a Section 501(c)(3) organization by the Internal Revenue Service.
5. All sales are final. Arrangements for services must be negotiated between the purchaser and the donor.
6. Payment may be made by Mastercard, Visa, American Express, Discover, or personal check. Item won will be mailed or delivered to the winner upon full payment. Payment can be made online at www.CMRocks.org. Use the "Donate" button and add note for Auction payment, or use the link in the email sent after the Gala. Please make sure to include the address for item delivery, or email address to AndreaKWink@CMRocks.org. If paying by check, please add a note in the mailed envelop with address for item delivery. Please make payment no later than May 8, 2021. Contact Reach at 301-637-0730 with questions.
7. The buyer waives any claims for liability against either Reach or the donor of the property or service. Neither Reach nor the donor is responsible for any personal injuries or damages to property that may result from the use of the property or service sold, and make no representations regarding the quality, safety, condition or any other characteristics of the property or services.
8. The auction committee reserves the right to combine and categorize all donated items.
9. The amount bid is the final amount unless Maryland State Sales Tax applies to any portion of the purchase. If so, sales tax will be calculated and added to the final accepted bid to receive the total purchase price.

Procedures

1. To bid, a bidder uses the "chat" feature of the webinar platform.
 - a. Make sure to use "Panelists and Attendees" so everyone can see a bid.
 - b. Add your bid amount followed by your first initial and last name. Example, for John Smith to bid \$150, pull up "chat," make sure the words after your screen name says "Panelists and Attendees," type "150 J Smith." Quickly click the "enter" key and look at the chat line to confirm your bid was sent.
3. Bids must be made promptly.
4. All bidders must be recognized by the auctioneer.
5. The auctioneer will acknowledge the highest bidder as the purchaser by repeating the final bid and the bidder's name. Bidder confirms information by using the "chat" feature to "Panelists and Attendees" to type final purchase price and full name of winning bidder including address for delivery of item.
6. If the auctioneer determines a bid is inadequate for the value of the article offered, he may reject the bid and withdraw the article from sale.
7. In the event of a dispute, the auctioneer will make the final decision.
8. Item will be delivered to winner by mail or in person within two weeks of full payment unless other mutually agreeable arrangements are made between Reach and winner.

ROCKVILLE EMERGENCY ASSISTANCE PROGRAM (REAP)

established 1981

Rockville Emergency Assistance Program (REAP) was the first direct service provided by Reach. Its purpose is to protect our Rockville residents who are the working poor from the crisis of eviction and utility shut-off when an unexpected financial emergency occurs. REAP also provides financial assistance for prescriptions and medical procedures. Additionally, REAP offers referrals for any eligible Montgomery County resident to partner organizations that provide food, clothing, dental care and vision care. Callers can also receive information about other assistance available through government agencies and other nonprofit organizations.

For those living paycheck-to-paycheck, an illness, car repair, and similar unplanned events can mean the difference between being able to pay rent and having to move in with friends or family, or into a shelter.

The COVID-19 emergency has created a more dire situation for those residents who live on the financial edge as well as many families who felt they were in a good financial position. Many people lost jobs or had their hours and pay reduced due to COVID shutdowns. Businesses have closed and do not expect to ever re-open. The economic impact is long-term and many Montgomery County residents will continue to need financial assistance as they wait for opportunities to return, or as they learn new skills so they can find work in an industry that was not decimated from the pandemic. REAP is here to help pay mortgages, rent, utilities, purchase food and so much more.

SENIOR REACH PROGRAM

Established 1983 as Elderly Ministries

The Senior Reach program provides home care and home repair and modifications to lower income seniors living in the City of Rockville with the goal of helping them age in place. Senior Reach served 47 seniors with over 3600 hours of homecare services in FY20. The value of this care by professional providers was \$97,835.

Senior Reach offers volunteer callers who contact our homecare clients every week to check in and make sure they are feeling connected. Volunteers also deliver food monthly from our partner food pantry, Manna Food Center. This past fall, many groups supported our seniors living in homes by raking leaves and winterizing their yards. Our Safe & Secure Project makes home repairs and modifications so clients remain safe and healthy at home. This has included the replacement of non-working heating systems, adding grab bars to bathrooms, providing emergency life link services and assistive devices, and much more.

As the pandemic impacted our community in Spring, 2020, many clients chose to take a break from homecare services so they would not be exposed to any other person. Clients have been returning to weekly service as they have been vaccinated and are less likely to contract the illness. They look forward to the time Senior Reach can resume group volunteer activities that include social events with meals, games and conversation.

HOUSING PROGRAM

Established 1987

Since 1987, the Housing Program of Reach has gone through a number of transformations. We began with the Chase Partnership Center, a shelter for single men experiencing homelessness. We opened Jefferson House, described below; started a hypothermia shelter for single women that transformed into a year-round program; and joined our partners in the fight to end homelessness in the Hope Housing Program. In 2014, we purchased our first property, Rockland House for women, which became our second permanent supportive house. The Reach Housing Program currently encompasses Jefferson House and Rockland House. Montgomery County housing programs have changed and expanded since Reach advocated for Montgomery County government to support safe programs to house those experiencing homelessness, and other organizations have entered into the work.

Jefferson House was established in 1991 to provide permanent supportive services to six men who completed a drug and/or alcohol rehabilitation program. It was the first permanent supportive housing program in Rockville. The house itself is deemed an historic site and is owned by Rockville United Methodist Church. Our two organizations work closely together to complete needed upgrades while keeping the exterior within the requirements of historic sites.

Rockland House, in the Twinbrook neighborhood of Rockville, was remodeled to offer communal and supportive living to five women who were experiencing homelessness before being welcomed into our program. We work closely with Montgomery County DHHS to identify women who are most in need of a program such as ours while ensuring that the personalities of the occupants are matched well so the experience is a successful, positive growing experience for all participants.

The Housing Program of Reach provides our residents with case management, life skills, client support, and affordable housing.

Getting involved is important.

At M&T Bank, we know how important it is to support those organizations that make life better in our communities. That's why we offer our time and resources, and encourage others to do the same.

LANGUAGE OUTREACH PROGRAM

Established 1993

The Language Outreach Program (LOP) is a family based program that serves immigrants with classes in English as a Second Language as well as intense month-long Citizenship Test Preparedness classes. Additionally, Conversation classes are offered through Reach and in partnership with other organizations in Montgomery County. In addition to providing classes for adults, free tutoring and childcare is provided for the children of students.

Since March, 2020, all LOP classes have taken place online. This has provided some additional opportunities for the program and students. First, LOP has had more flexibility with the days and times classes are held as we do not have to worry about finding available space or the cost of renting space (many of our in-person classes use space that is donated to the program). Students who had difficulty with reliable transportation, or those who found it difficult to get to a location in time for class are able to take classes. Weather has always been a factor in class attendance. Online classes remove that factor.

Although teachers and site coordinators are anxious to return to in person learning, the pandemic has helped us develop effective online learning as well. In person classes offer the opportunity to break into small groups and provide individual help to students more effectively. However, online classes offer benefits as well. Therefore, when we return to in-person classes. (hopefully in Fall 2021), LOP expects to continue to also offer online learning options.

For the schoolchildren, online tutoring can be a bit more challenging. Our childcare providers have continuously provided one-on-one assistance with schoolwork through online platforms. We have not had the opportunity to work with the younger children during this time of social distancing. Childcare providers are truly looking forward to the time when the children will be able to return to practicing English, socializing and receiving schoolwork help in person.

Staff is currently planning a Virtual Graduation ceremony for the second year. Mark your calendars to attend on Friday, June 18th at 7:00 p.m.

MANSFIELD KASEMAN HEALTH CLINIC (MKHC)

Established 2009

The Mansfield Kaseman Health Clinic offers comprehensive primary care, specialty care, behavioral health services, pharmacy and lab services, health care education and social services to low-income uninsured adult residents of Montgomery County. Those insured by some of the Maryland Medicaid policies can choose practitioners at MKHC as their primary care provider. MKHC now also accepts patients insured with Medicare.

The Clinic additionally provides specialty services, primarily through pro bono practitioners. These specialties currently include Behavioral Health, Endocrinology, Gastroenterology, Gynecology, Internal Medicine, Podiatry and Pulmonology. Again, in FY20, MKHC exceeded HEDIS rates for diabetes, hypertension, and screenings for breast, cervical, and colorectal cancers as well as depression.

In response to the pandemic, MKHC updated technology and trained medical providers so telehealth appointments were available. This option is continuing although fewer patients are requesting to be seen virtually and most appointments are once again taking place in the office. The Clinic also became one of eight organizations Montgomery County and the Latino Health Initiative chose to be part of Por Nuestra Salud y Bienestar Program. This program was created to directly reach the Latino community with COVID information and resources. Latinos families had higher rates of infection and death from COVID than the general population. Through this program, MKHC provides COVID testing and case management. The Clinic is also in conversations so we can soon begin to vaccinate patients again COVID-19 as well.
